

WARSZAWSKI UNIwersYTET MEDYCZNY MEDICAL UNIVERSITY OF WARSAW

Warszawa, 23.04.2021

Dear Partner,

On behalf of our Rector, Prof. Zbigniew Gaciong and Vice Rector for International Relations, Development and Promotion, Prof. Paweł Włodarski, we would like to cordially invite you to participate in the Visiting Professors program organized under EU project named "WUM AID Academy of Innovative Didactics of the Medical University of Warsaw".

The main objective of the project is to inspire our students to become creative and encourage them to take innovative activities. We would like to enhance the international dimension of education and at the same time strengthen the links with institutions worldwide. We are convinced that education should be based on high quality of teaching and scientific experience shared by higher education all over the world.

Covid-19 pandemic has disturbed our plans and limited the opportunity to travel. No doubt, the situation requires from all of us undertaking creative actions in order to ensure further development of internationalization of didactic process.

Therefore, the Medical University of Warsaw would like to respond to these unprecedented new challenges and welcome speakers from medical universities and partner institutions either at the university or using distance learning techniques (e.g. e-learning or Microsoft Teams).

Both forms of teaching will be financially supported as part of the WUM AID project, which provides the visiting professor with remuneration and covers costs of stay in Warsaw.

We cordially invite you to submit applications for the Visiting Professors project.

If you have any questions concerning the program, please contact Ms. Anna Luszczewicz from the Office of Quality and Innovation in Teaching and Learning - MUW:

email: anna.luszczewicz@wum.edu.pl

phone (+48 22) 586 57 20

Please find attached documents related to the implementation of the Visiting Professors program.

We are looking forward to welcome you at our university or via distance learning tools.

Thank you in advance for your valuable cooperation.
